***Drawings***

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the present drawings are informal. Figures 6a-6c should not have a description of the figures.

Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

***Allowable Subject Matter***

Claims 1-14, 16-25, 27-29 are allowed.

The following is an examiner's statement of reasons for allowance:

The reasons for allowance of claims 1, 5, 7, 24, 27-29 are indicated in the office action mailed on 06/09/2006.

As to Claim 14, the prior art of record, taken alone or in combination, fails to disclose or render obvious a filter filtering radiation from the source received at the sensor, said filter having a frequency response that matches that of the human eye and said filter being a Bessel filter with an integration period of about 1/3 second, in combination with the rest of the limitations of the claim.

As to Claim 17, the prior art of record, taken alone or in combination, fails to disclose or render obvious at least one color filter filtering the radiation from the source to the sensor so that

the apparatus measures the radiance of the source within at least one predetermined wavelength pass band, in combination with the rest of the limitations of the claim.

As to Claim 18, the prior art of record, taken alone or in combination, fails to disclose or render obvious an integrator and a sampling device that samples an output of the integrator at time intervals that are exponential functions of time to provide the reading, in combination with the rest of the limitations of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
